

the *Journal of Applied Behavior Analysis* (1974), and the *Journal of Experimental Psychology* (1975).

There are a number of reasons why the *Journal of Applied Behavior Analysis* is the most widely cited journal in the field of behavior analysis.

First, the journal is published by the American Psychological Association, which is the largest and most prestigious organization in the field of psychology.

Second, the journal is published quarterly, which allows for a high volume of research to be published.

Third, the journal is published in English, which is the most widely spoken language in the world.

Fourth, the journal is published in a format that is easy to read and understand, which makes it accessible to a wide range of researchers and practitioners.

Fifth, the journal is published in a format that is easy to search and access, which makes it convenient for researchers to find the articles they need.

Sixth, the journal is published in a format that is easy to cite, which makes it convenient for researchers to reference the articles they use.

Seventh, the journal is published in a format that is easy to share, which makes it convenient for researchers to share their findings with their colleagues.

Eighth, the journal is published in a format that is easy to archive, which makes it convenient for researchers to store their articles for future reference.

Ninth, the journal is published in a format that is easy to print, which makes it convenient for researchers to read and use in their work.

Tenth, the journal is published in a format that is easy to scan, which makes it convenient for researchers to find the articles they need.

Eleventh, the journal is published in a format that is easy to download, which makes it convenient for researchers to access the articles they need.

Twelfth, the journal is published in a format that is easy to use, which makes it convenient for researchers to read and use in their work.

Thirteenth, the journal is published in a format that is easy to navigate, which makes it convenient for researchers to find the articles they need.

Fourteenth, the journal is published in a format that is easy to search, which makes it convenient for researchers to find the articles they need.

Fifteenth, the journal is published in a format that is easy to access, which makes it convenient for researchers to find the articles they need.

Sixteenth, the journal is published in a format that is easy to share, which makes it convenient for researchers to share their findings with their colleagues.

Seventeenth, the journal is published in a format that is easy to archive, which makes it convenient for researchers to store their articles for future reference.

Eighteenth, the journal is published in a format that is easy to print, which makes it convenient for researchers to read and use in their work.

Nineteenth, the journal is published in a format that is easy to scan, which makes it convenient for researchers to find the articles they need.

Twentieth, the journal is published in a format that is easy to download, which makes it convenient for researchers to access the articles they need.

Twenty-first, the journal is published in a format that is easy to use, which makes it convenient for researchers to read and use in their work.

Twenty-second, the journal is published in a format that is easy to navigate, which makes it convenient for researchers to find the articles they need.

Twenty-third, the journal is published in a format that is easy to search, which makes it convenient for researchers to find the articles they need.

Twenty-fourth, the journal is published in a format that is easy to access, which makes it convenient for researchers to find the articles they need.

Twenty-fifth, the journal is published in a format that is easy to share, which makes it convenient for researchers to share their findings with their colleagues.

Twenty-sixth, the journal is published in a format that is easy to archive, which makes it convenient for researchers to store their articles for future reference.

Twenty-seventh, the journal is published in a format that is easy to print, which makes it convenient for researchers to read and use in their work.

Twenty-eighth, the journal is published in a format that is easy to scan, which makes it convenient for researchers to find the articles they need.

Twenty-ninth, the journal is published in a format that is easy to download, which makes it convenient for researchers to access the articles they need.

Thirtieth, the journal is published in a format that is easy to use, which makes it convenient for researchers to read and use in their work.

Thirty-first, the journal is published in a format that is easy to navigate, which makes it convenient for researchers to find the articles they need.

Thirty-second, the journal is published in a format that is easy to search, which makes it convenient for researchers to find the articles they need.

Thirty-third, the journal is published in a format that is easy to access, which makes it convenient for researchers to find the articles they need.

Thirty-fourth, the journal is published in a format that is easy to share, which makes it convenient for researchers to share their findings with their colleagues.

Thirty-fifth, the journal is published in a format that is easy to archive, which makes it convenient for researchers to store their articles for future reference.

Thirty-sixth, the journal is published in a format that is easy to print, which makes it convenient for researchers to read and use in their work.

Thirty-seventh, the journal is published in a format that is easy to scan, which makes it convenient for researchers to find the articles they need.

Thirty-eighth, the journal is published in a format that is easy to download, which makes it convenient for researchers to access the articles they need.

Thirty-ninth, the journal is published in a format that is easy to use, which makes it convenient for researchers to read and use in their work.

Fortieth, the journal is published in a format that is easy to navigate, which makes it convenient for researchers to find the articles they need.

Forty-first, the journal is published in a format that is easy to search, which makes it convenient for researchers to find the articles they need.

Forty-second, the journal is published in a format that is easy to access, which makes it convenient for researchers to find the articles they need.

Forty-third, the journal is published in a format that is easy to share, which makes it convenient for researchers to share their findings with their colleagues.

Forty-fourth, the journal is published in a format that is easy to archive, which makes it convenient for researchers to store their articles for future reference.

Forty-fifth, the journal is published in a format that is easy to print, which makes it convenient for researchers to read and use in their work.

Forty-sixth, the journal is published in a format that is easy to scan, which makes it convenient for researchers to find the articles they need.

Forty-seventh, the journal is published in a format that is easy to download, which makes it convenient for researchers to access the articles they need.

Forty-eighth, the journal is published in a format that is easy to use, which makes it convenient for researchers to read and use in their work.

Forty-ninth, the journal is published in a format that is easy to navigate, which makes it convenient for researchers to find the articles they need.

Fiftieth, the journal is published in a format that is easy to search, which makes it convenient for researchers to find the articles they need.

Fifty-first, the journal is published in a format that is easy to access, which makes it convenient for researchers to find the articles they need.

Fifty-second, the journal is published in a format that is easy to share, which makes it convenient for researchers to share their findings with their colleagues.

Fifty-third, the journal is published in a format that is easy to archive, which makes it convenient for researchers to store their articles for future reference.

Fifty-fourth, the journal is published in a format that is easy to print, which makes it convenient for researchers to read and use in their work.

Fifty-fifth, the journal is published in a format that is easy to scan, which makes it convenient for researchers to find the articles they need.

Umicore

Eine Lösung für den internen Transport von Bleiblöcken von 5 Tonnen dank unseres Shifters.

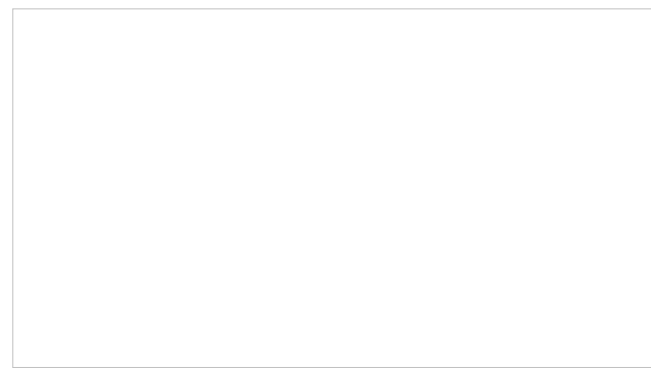

Herausforderung

Umicore war auf der Suche nach einem flexiblen Transportsystem für den internen Transport von Bleiblöcken mit einem Höchstgewicht

von 5 Tonnen. Der Transport erfolgte mit einem Gabelstapler, der jeweils nur einen Bleiblock auf einmal transportieren konnte.

Lösung

AVT hat 2 Transporter aus dem Shifter-Programm mit einer Kapazität von jeweils 60 Tonnen gebaut. Dies ermöglicht den Transport von 12 Bleiblöcken pro Transporter.
